RainScapes Gazette for Landscape Professionals

Fall 2015 Training Date Change

NEW DATE: October 7th Rain Garden Installation Class

Register now for the RainScapes Rain Garden Installation Class.

Date: Wednesday, October 7, 2015 (Rain Date: Thursday, October 8, 2015)

Please note: The date has changed

Time: 8 a.m. to 4:30 p.m.

Location: TBA

Cost: FREE

This is a hands-on rain garden building class.

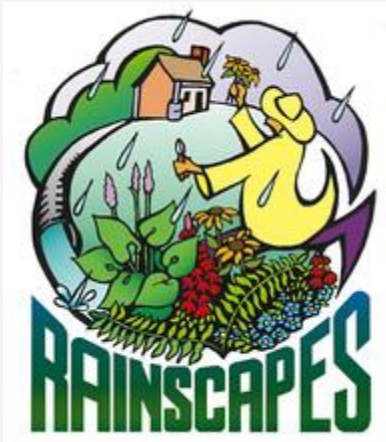

Registration for the class is on a first come, first served basis, and is limited to 30 participants. You must have attended a previous RainScapes training in order to take this class.

The rain garden site will be pre-dug. After we review the criteria for siting and sizing rain

gardens, the group will determine and finish the grading, install the soil media, build the berm, and plant and mulch the garden.

Please wear appropriate work clothes. We appreciate any wheelbarrows, shovels and other landscape tools you bring that we can use for the day. It is a full day course, so bring lunch and drinks.

Click [HERE](#) to register online.

RainScapes is a program provided by the Montgomery County Department of Environmental Protection which promotes and implements projects which reduce stormwater runoff volume and improve water quality on properties within Montgomery County.
